INFORMAL EXAMINER'S AMENDMENT

1. An informal examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

2. The following changes have been made to the application in order to clearly describe the missing status identifiers for claims 8 and 19:

Claim 8:

- a) "8.", line 1, has been replaced with -- 8. (Original) --.

Claim 19:

- a) "19.", line 1, has been replaced with -- 19. (Original) --.

REASONS FOR ALLOWANCE

3. The following is an examiner's statement of reasons for allowance for Claims 1-4: the prior art does not disclose or suggest a self-aligning peep sight system for mounting on an archery bow for sighting using a target, the peep sight system including a sight aperture and a tether-securing aperture each extending from the front face to the rear face through the thickness of the sight body in combination with the remaining limitations of the claims.

4. The following is an examiner's statement of reasons for allowance for Claims 5-10: the

prior art does not disclose or suggest a self-aligning peep sight system for mounting on an archery bow for sighting using a target, the peep sight system including a two-piece interfacing clip including a first internal face a first power channel in the first internal face and a tether channel in the first internal face, a separate opposing second internal face, an opposing second power cable channel in the second internal face and an opposing second tether channel in the second internal face in combination with the remaining limitations of the claims.

5. The following is an examiner's statement of reasons for allowance for Claims 11-14: the prior art does not disclose or suggest a self-aligning peep sight system for mounting on an archery bow for sighting using a target, the peep sight system including a solid, thermoplastic elastomer tether having opposing first and second portions, the first end portion comprising at least one integral, protruding retaining member and the second end portion adapted to be removably coupled substantially within an interfacing clip in combination with the remaining limitations of the claims.

6. The following is an examiner's statement of reasons for allowance for Claims 15-20: the prior art does not disclose or suggest a self-aligning peep sight system for mounting on an archery bow for sighting using a target, the peep sight system including a sight aperture and a tether-securing aperture each extending from the front face to the rear face through the thickness of the sight body and a two-piece interfacing clip including a first internal face a first power channel in the first internal face and a tether channel in the first internal face, a separate opposing second internal face, an opposing second power cable channel in the second internal face and an
